TERRACYCLE: "UP" AND COMING AT CLARENDON

TerraCycle is an organization that has teamed with several large corporations to "upcycle" used product packaging to make new products. We have joined four brigades: Drink Pouch, Cookie Wrapper, Chip Bag and Lunch Kits (i.e. Lunchables). For each item collected, TerraCycle will credit \$0.02 to an organization or charity of choice. Our choice? The Nature Conservancy. We began collecting items for our four brigades during lunch and have enough to make our first shipment. To find out more about the program and the products that are created, visit their website www.terracycle.net.
